# WELCOME TO THE 12<sup>TH</sup> RUNNING OF CAIN'S QUEST!

On behalf of the Cain's Quest Board and Staff we welcome members of the 32 teams participating this year, as well as their families, fans, and all volunteers and supporters throughout the Big Land. This year's race promises to be an exciting challenge for everyone involved, while bringing together the community.

While our 2023 race didn't have the outcome we'd hoped for, we are so pleased to be able to bring this incredible, world-class event back to Labrador and show the world what this part of our beautiful province has to offer.

We wish to express gratitude to our many sponsors, including Presenting Sponsor Rio Tinto IOC, as well as our partners at all three levels of government for their generous contributions and support in ensuring that Cain's Quest continues its journey for the people of Labrador.

We could not host an event of this magnitude without the support of the more than 400 volunteers participating in every aspect of Cain's Quest from planning to timing and everything in between.

We would also like to thank the racers themselves, as stepping up to the starting line is already a significant win for each and every one of you. Finally, we'd like to thank the fans and the people of Labrador who open their hearts and homes to snowmobile enthusiasts from here and around the world.

Congratulations, good luck, now, start your engines!

## MINISTER RESPONSIBLE FOR LABRADOR AFFAIRS AND RESPONSIBLE FOR INDIGENOUS AFFAIRS AND RECONCILIATION MHA, CARTWRIGHT-L'ANSE AU CLAIR

A Big Land welcome to the snowmobile teams, support crews and family members who are converging on Labrador West in late February to participate in one of the most highly anticipated and exciting events on the Labrador winter calendar. The organizers of Cain's Quest have moved forward from the challenges associated with the 2023 race and planned an event that promises to be bigger and better.

Congratulations to the teams who have signed on to seize the challenge of traversing more than 3,500 km of wilderness across a spectacular and snow-covered landscape. Cain's Quest lives up to the billing as the longest and most extreme snowmobile race in the world.

The Government of Newfoundland and Labrador is proud to partner with Cain's Quest to showcase the Big Land as the premiere destination for snowmobiling and winter adventures. We salute the dedication and hard work of race organizers, checkpoint volunteers, race support teams, and family members.

Wishing all the racers a safe return across the finish line.

## MHA OF LAKE MELVILLE

Welcome to the World's longest snowmobile endurance race - welcome to Labrador - welcome to Cain's Quest! These next few days will test the physical and mental endurance of racers and their support teams over 3,000 kilometres of the most rugged and remote terrain on earth as they make their way from Lab West to points through north, south and central Labrador. It is a testament to the dedication and efforts of all involved – that this race has rightly earned the international reputation widely as the most extreme snowmobile race in the world. Cain's Quest is also about perseverance... and not just for the racers.

Under challenging circumstances, I want to congratulate the organizers, volunteers and sponsors for their commitment to proceeding with the race in 2024. Let's hope Labrador can deliver the winter conditions we are famous for! I look forward to meeting everyone as you pass through Lake Melville. Stay Safe
